

The background of the entire cover is a deep space scene. It features a dark blue and black sky filled with numerous small, distant stars. Several larger, more prominent stars with bright, multi-pointed diffraction patterns are scattered across the upper half. In the lower half, a large, bright, white star or nebula core is visible, from which a dense field of green and blue light rays radiates outwards, creating a starburst effect. The overall color palette is dominated by deep blues, blacks, and the vibrant greens and blues of the lower light source.
